Re. Brockington v. Boykins

Dear Mr. Marrow

I have reviewed the opinions by Drs Callery and Hunter. In order to complete my report I need to review their notes and reports related to the results of the physical and oral examination they conducted, the methodology they employed in conducting those examinations, and the reasons why those examinations and the medical records support their, respective, opinions.

Sincerely,

A handwritten signature in black ink, appearing to be 'DRF', written in a cursive style.
